

OCA-Detroit Chapter Association of Chinese Americans (ACA) participates in the fundraising campaign of Hurricane Harvey Relief Fund

Due to a record setting weather event, Houston, Texas, has suffered an unprecedented flood, resulting in the migration of thousands of people, but it also affected countless people and businesses in the Asian American Pacific Islander (AAPI) community. The reconstruction of the city and the resident homes takes a long road ahead.

OCA-Greater Houston chapter has joined the ranks offering early disaster relief when the storm greatly impacted on August 26th. With local agencies, OCA-Greater Houston chapter has immediately participated in the disaster relief effort and established a fund account (<http://www.ocahouston.org/harveyrelief>) to help the flood victims, specifically to make sure that the AAPI community is represented and adequately served in efforts to recover and rebuild, and that aid is distributed efficiently and equitably to all underserved populations of Houston. A donation campaign was launched at the OCA headquarters in Washington to support the specific Harvey AAPI Community Relief Fund to follow the recommendations of Asian Americans Advancing Justice and OCA-Greater Houston.

Similar to the ACA, the OCA-Greater Houston chapter is a nonprofit 501(C)(3) organization. In response to the Houston disaster relief effort, ACA believes that Houston's Chinese Community Center of the OCA-Greater Houston chapter will

be able to work with the local disaster relief agencies to achieve greater results. ACA is also responding to OCA's Harvey AAPI Community Relief Fund. Please join with us to participate in the disaster relief as follows to donate at your preference:

1. For AAPI Community: Pay directly to the designated website at <http://www.ocahouston.org/harveyrelief> by credit card.
2. For general purpose: Check payable to Association of Chinese Americans, Inc. and add memo line “Harvey Relief Fund”, mail the check to
