Instructor: Eva Cole

I am a natural born Chinese, resided in the US for 36 years. I am fluent in both Chinese and English. I have more than 20 years of experience in tutoring American Chinese, and I also hosted a local Chinese Radio show in the Detroit area for 3 years. I normally create my class material according to the students' background and needs. Pinyin system will be used. The class will be alive and fun, I will always make Chinese easy to learn and absorb. There will be a lot of conversation practices. If preferred, reading Chinese characters will be offered. None the less, some ancient Chinese characters will be introduced for a better understanding of Chinese writing.

Hope to see you soon!!
